## OBJECTIVE

---

Detail-oriented React Developer with hands-on experience in building dynamic and responsive web applications. Seeking to contribute technical expertise and creativity to deliver seamless user experiences in a forward-thinking IT environment. Highly focused on performance, design precision, and user satisfaction, with a strong ability to adapt to new challenges and evolving technologies. Passionate about continuous learning, innovation, and effective collaboration within agile development teams.

## EDUCATION

---

<b>Bachelor of Computer Science and Engineering</b> , Sri Ramakrishna Institute of Technology	2020 - 2024
<b>HSC</b> , R.K. Sree Rangammal Kalvi Nilayam	2018-2020
<b>SSLC</b> , Sri Nehru Vidyalaya Higher Secondary School	2018

## SKILLS

---

<b>Technical Skills</b>	Java, React.js, Html, Css, Javascript, Php Tailwind css, Sql
<b>Soft Skills</b>	Adaptable, Collaborative, Creative, Detail-oriented, Responsible

## EXPERIENCE

---

<b>React Developer</b>	Oct 2024 -Present
KIDAAMBI INFORMATION TECHNOLOGY AND ENTERPRISES SOLUTIONS PRIVATE LIMITED <i>Chennai, Tamilnadu</i>	

- Developed and maintained responsive, dynamic web applications using React.js, JavaScript, and modern frontend practices.
- Collaborated in an agile startup environment, improving UI/UX design, component reusability, and overall application performance.
- Gained hands-on experience in API integration, state management, and deploying applications to production-ready environments.
- Enthusiastic React Developer eager to contribute to innovative projects. Committed to writing clean, efficient code and continuously improving front-end performance.

<b>Full Stack Java Developer - (INTERNSHIP)</b>	June 2024 - Oct 2024
TAP ACADEMY <i>Banglore, Karnataka</i>	

- Gained practical experience in Java, Spring Boot, MySQL, and RESTful API development through real-time project implementation.
- Built and maintained end-to-end web applications, integrating both frontend and backend functionalities.
- Enhanced problem-solving skills and understanding of software development life cycle (SDLC) and team collaboration in agile environments.

<b>Full stack developer- (INTERN)</b>	AUG 2023 - Sep 2023
GATEWAY SOFTWARE SOLUTIONS <i>Coimbatore, Tamilnadu</i>	

- Worked on frontend and backend integration using HTML, CSS, JavaScript, and Node.js to build interactive web modules.
- Gained exposure to database handling (MySQL/MongoDB) and API connectivity in real-world project scenarios.
- Strengthened understanding of web architecture, team collaboration, and agile workflow through hands-on project tasks.

## PROJECTS

---

**Employee Travel - Expense Tracker.** Developed a web-based application for a consulting and management firm to efficiently track, manage, and monitor employee travel expenses. The system includes features like expense categorization, wallet balance alerts, approval workflow, and PDF/Excel export, enhancing transparency and administrative efficiency.

**Photographer Portfolio Website.** Designed and developed a personalized portfolio website for a professional photographer to showcase work, highlight achievements, and attract clients. The project focused on visual presentation, smooth navigation, and responsive design to enhance the client's online presence.

**Consulting - Management Company Website.** Developed a corporate website for a consulting and management firm to showcase company profile, services, team, career opportunities, and client reach. Focused on creating a professional, responsive, and user-friendly interface that reflects the company's brand identity and enhances client engagement.

**Research on CMBC Protocol** Conducted an in-depth research project on the CMBC (Consensus Mechanism-Based Communication) protocol, focusing on its efficiency, data transmission reliability, and security aspects. Analyzed protocol performance and proposed optimizations to enhance network communication and system scalability in distributed environments.

## CERTIFICATIONS

---

- Full Stack Java Developer - Tap Academy
- Data Science - Laern O Academy
- A2 Bussiness English - Cambridge Assement
- Introduction to IOT - NPTEL
- BUilding Automation Using IOT - SRIT
- Diploma in computer Applcation - CSC

## EXTRACURRICULAR ACTIVITIES

---

- Participated in hackathons and coding competitions to improve problem-solving skills.
- Volunteered in college tech fests or events as a organizer.
- Actively contributed to community service or campus clubs, promoting teamwork and leadership.
- Participated in communication and soft skill development programs.
- Contributed to open-source projects and collaborative development platforms.
- Completed online certification programs to enhance technical knowledge and adaptability.
